CALTRANS COMMUTER ALERT

Page 2

September 29, 2006

Monday night – Thursday night October 2 – 5	Northbound I-15 connector to southbound I-215	CONNECTOR CLOSED INTERMITTENTLY	8:00 p.m. to 4:00 a.m.
---	--	---------------------------------------	------------------------

The Devore 2 project will replace damaged concrete pavement primarily in the outside lanes and reconstruct bridge approach slabs between Sierra Avenue and Cleghorn Creek Bridge on I-15. It will also add a three-mile truck-climbing lane (for trucks and slower vehicles) on northbound I-15 beginning at the 15/215 interchange. Asphalt concrete paving will also be performed along the freeway shoulders and the on and off-ramps at three different interchanges. The project also includes drainage improvements and guardrail upgrades. Construction will replace deteriorated pavement and improve the operational efficiency, safety and provide a smoother ride when complete. The \$26 million state-funded project is expected to be complete in early, rather than late, 2007.

Most of the work will take place at night between 6:00 p.m. and 8:00 a.m. Caltrans has planned approximately five (5) weekends of Rapid Rehab work (55-hours) during the project, which will produce a higher quality product in a short amount of time. The weekend work will close one to two connectors along with lane closures at the 15/215 interchange.

You may sign up for email bulletins on the Devore 2 project by emailing terri_kasinga@dot.ca.gov or call (866) 383-4631. For more information on Caltrans roadwork, please go to our new website address at CALTRANS8.INFO.

Think about this – a two-foot piece of orange plastic separates your car from flesh and bone....

Slow for the cone zone!
